

**REMARKS**

**Introduction**

Claims 1-11 are pending in the present application. This paper does not amend, add, or cancel any claims. Claims 1, 4, and 11 are the independent claims of the application.

In the Office Action of July 17, 2007, the Examiner rejected all claims on the ground of non-statutory obviousness-type double patenting as being unpatentable over claims of U.S. Patent No. 6,751,199. Applicants respectfully respond to this Office Action.

**Double Patenting Rejection**

To advance the prosecution of this application, a terminal disclaimer is filed herewith. The terminal disclaimer should obviate the non-statutory obviousness-type double patenting rejection of claims 1-11.

**REQUEST FOR ALLOWANCE**

In view of the foregoing, Applicants submit that all pending claims in the application are patentable. Accordingly, reconsideration and allowance of this application are earnestly solicited. Should any issues remain unresolved, the Examiner is encouraged to telephone the undersigned at the number provided below.

Respectfully submitted,
